Annamarie Bondi-Stoddard named to NY State Trial Lawyers Association Board of Directors

LAKE SUCCESS, NY, June 25, 2014... Annamarie Bondi-Stoddard, Managing Partner at the law firm of Pegalis & Erickson, LLC, has been elected as an officer of the New York State Trial Lawyers Association ([NYSTLA](#)). Her role will be Parliamentarian for the 2014 - 2015 year.

"I'm pleased to be joining this important organization that is a voice for the voiceless. It is a privilege to formally link with this group of dedicated attorneys to promote a safer and healthier society, assure access to the civil justice system for the wrongfully injured, and advance representation of the public by highly skilled lawyers." One of NYSTLA's most important pieces of work is to preserve and enhance New York's civil justice system against legislative initiatives that would limit the rights of injured consumers.

Ms. Bondi-Stoddard is one of only five female managing partners on Long Island, NY, and has been widely recognized for her achievements in medical malpractice law. Her recent successful cases include securing the highest 2012 medical malpractice settlement against NYC Health and Hospitals Corp., for an infant who sustained brain damage at birth as a result of oxygen deprivation and skull fracture.

Bondi-Stoddard got her start at Seton Hall University graduating summa cum laude before earning her J.D. from Boston University. The Port Washington, NY, resident joined the firm in 1984, became managing attorney in 1986, and was named managing partner in 2001. US News and World Report has named Pegalis and Erickson to the [2014 Best Law Firms](#) list, for medical malpractice in the New York area.

Pegalis & Erickson, LLC, is a law firm focusing on seriously injured people that suffered medical negligence. We have won some of the largest verdicts in New York State history for birth trauma, misdiagnosed cancers, and surgical errors. For forty years our dedication and commitment has helped thousands of people obtain funds they need to secure necessary services to survive day-to-day living. We are advocates for patient safety and we secure medical accountability for safer medical practices for better patient care. Visit us at www.pegalisanderickson.com.
